NOTICE OF CHANGE IN SERVICE PROVIDER

On February 1, 2016, G3 Telecom USA, Inc. ("G3") will become your new provider of long distance telecommunications services currently provided by Telecom of North America, Inc. d/b/a Telna ("Telna"), pending regulatory approval.

The transfer of the services to G3 will include a seamless transition that will not affect the current rates or the terms and conditions of your U.S. telecommunications services. Certain non-U.S. services currently provided by Telna will not be provided by G3 following the transfer, including:

- International Local Access Numbers
- International Toll-Free Services
- Telna Travel Card Services outside of North America

In the event of any future changes to the services, rates, or terms and conditions, G3 will notify affected customers pursuant to applicable state and federal rules and law.

You have a right to select a different preferred carrier for your long distance telecommunication services. G3 does not anticipate that this transition will cause you to incur any carrier change charges, but if you do, G3 will pay the carrier change charges associated with the transfer.

The services will be transferred to G3, even if you have arranged preferred carrier freezes through your local service providers on the services involved in the transfer, unless you select a different carrier before the transfer date. If you have a preferred carrier freeze on your account for long distance services, it will be lifted. You must contact G3 if you would like to arrange new preferred carrier freezes.

G3 will be responsible for handling complaints filed, or otherwise raised, prior to or during the transfer relative to both Telna and G3.

The toll-free customer service telephone number of G3 is 1-800-355-9518. Until the date of transfer, customers may continue to contact Telna's customer service support line at 1-800-972-7538.
